CERTIFICATE

Google IT Support Professional Certificate (Coursera)

TECHNICAL SKILLS

Operating Systems: Windows 10/11, Windows Server

User Management: Active Directory, account creation, password resets

Networking: IP configuration, DNS basics, connectivity troubleshooting

Tools: Command Prompt, Remote Desktop, Powershell basics, Active Directory

Troubleshooting: Hardware/software issues, network access, user login problems

Virtualization: VirtualBox (multi-VM lab environments)

Software: Microsoft Office 365 basics

TECHNICAL EXPERIENCE

IT Support Homelab (VirtualBox Environment) | Personal Project | 2026 – Present

- Built and maintained a multi-machine Windows Server and Windows 11 virtual lab simulating a real-world Active Directory domain environment
- Configured Active Directory Domain Services including OUs, domain user accounts, security groups, Group Policy Objects, and account management
- Configured Windows file server infrastructure with SMB network shares, NTFS permissions, security group access controls, and automated network drive mapping using Group Policy
- Performed common help desk tasks including password resets, account unlocks, creating new users, and login troubleshooting
- Configured internal networks with static IP addressing, DNS, and verified connectivity
- Performed basic network troubleshooting using command-line tools including ipconfig, ping, nslookup
- Documented troubleshooting procedures, configuration changes, and resolutions

EMPLOYMENT

Shift Lead Barista | Central Coffee Co. in Tracy, CA | 2023 – Present

- Supervised daily operations in a high-volume environment requiring rapid issue resolution and customer support
- Served as first point of contact for issues relating to operations or customer service
- Communicated issues and service disruptions to staff and customers while maintaining service continuity
- Troubleshooted and resolved POS, system, and hardware issues to restore service and minimize downtime
- Escalated any critical or unresolved technical issues to management based on urgency and overall impact
- Trained and supported new employees with step by step guidance and clear communication

EDUCATION

California State University, Sacramento (2016-2021)

B.S. in Computer Science coursework completed (110/120 units)
